Marketing
Training and Technical Assistance**

Logic Model of Child Welfare/Substance Abuse Collaborative project – Drug Treatment Court

Outcome Objective:

Develop and disseminate a Michigan specific guide for family drug treatment courts which includes a continuum from comprehensive approaches to no-cost and low-cost strategies, including a model protocol for implementation.

Logic Model of Child Welfare/Substance Abuse Collaborative project - Communication

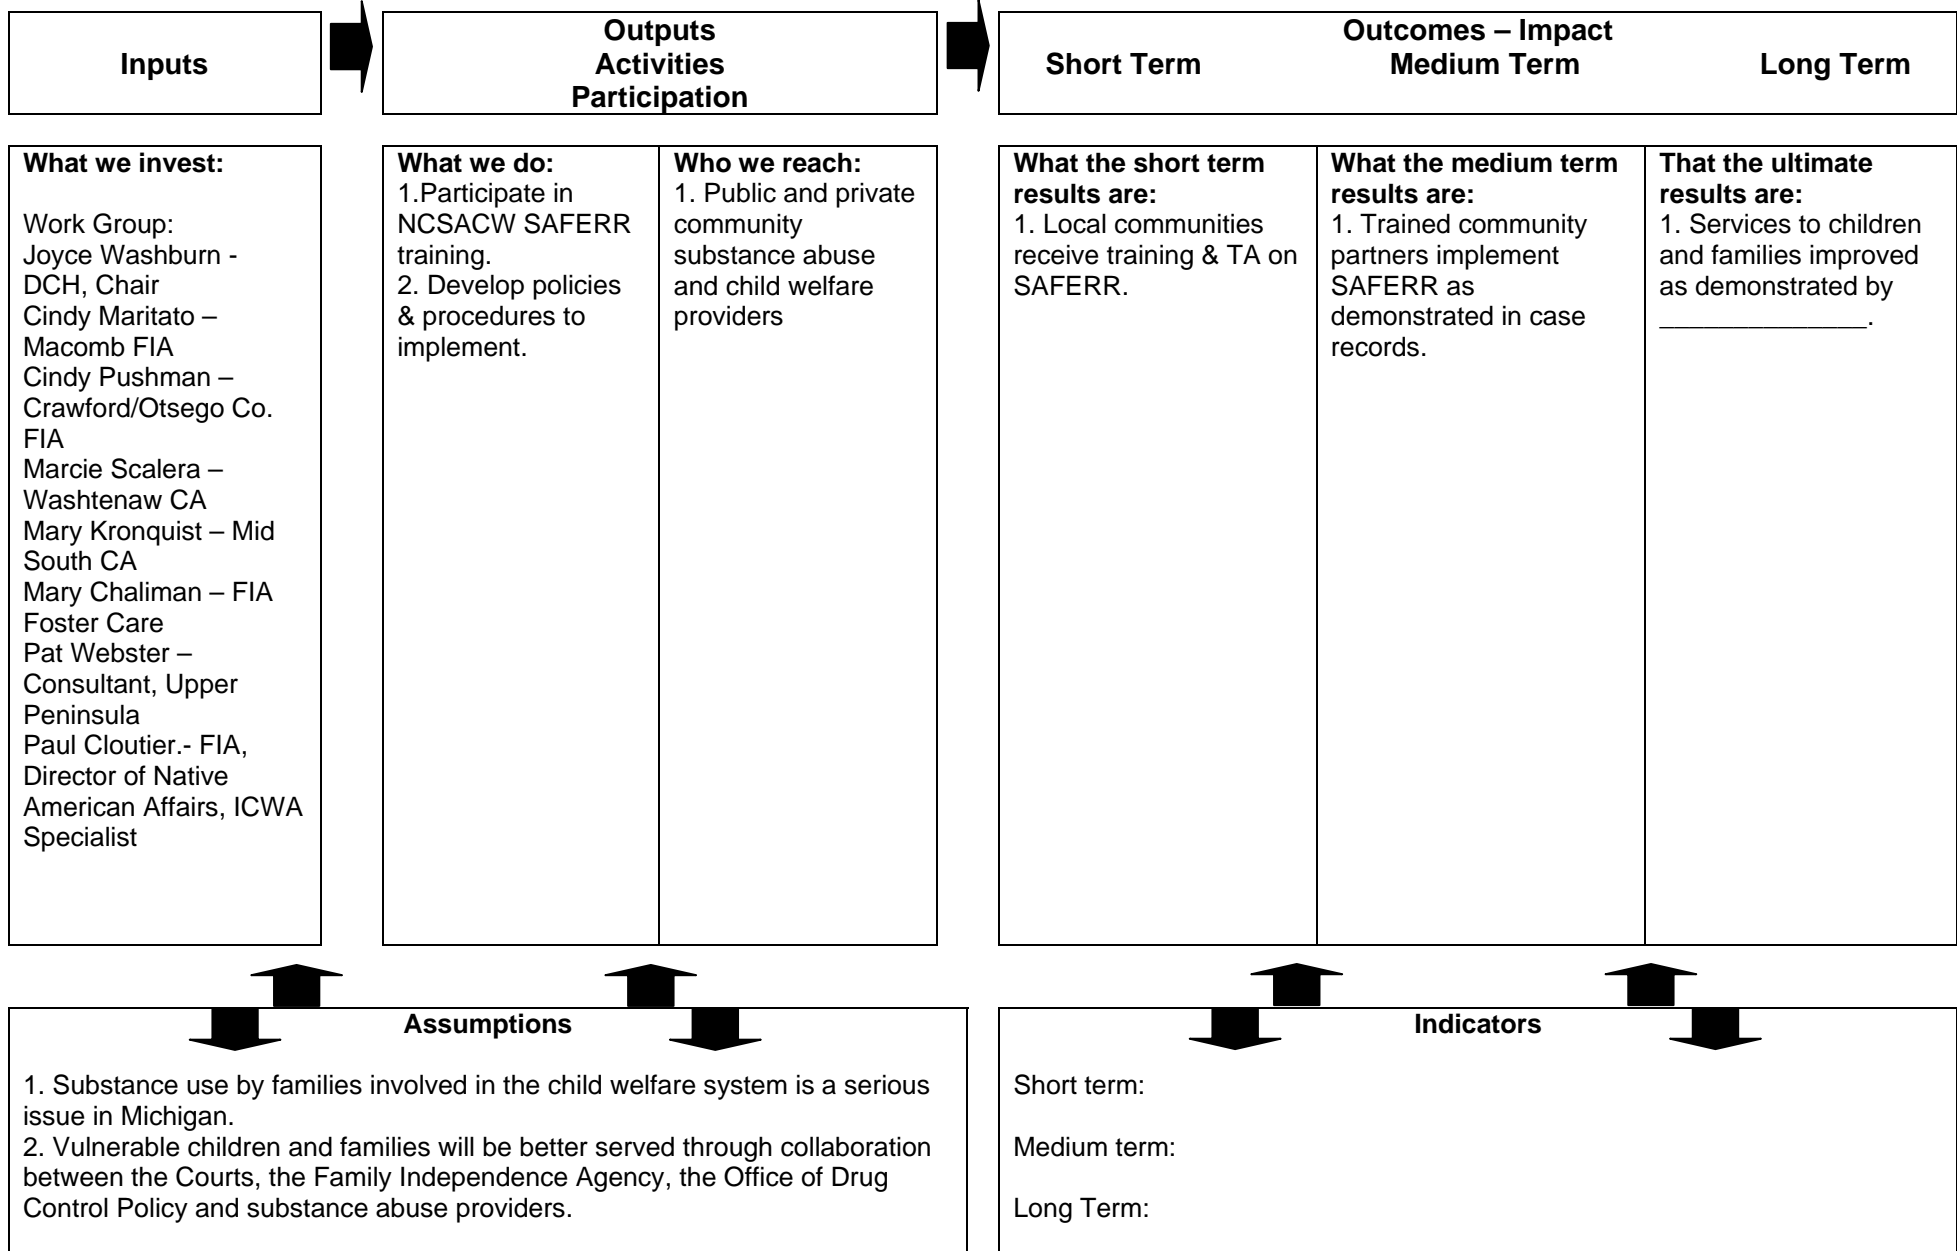

Outcome Objective:

Develop and disseminate a communication protocol between substance abuse, child welfare, and judicial system partners that addresses families and children from levels 1 to 3, at different points on the continuum from substance abuse screening and assessment to treatment monitoring.

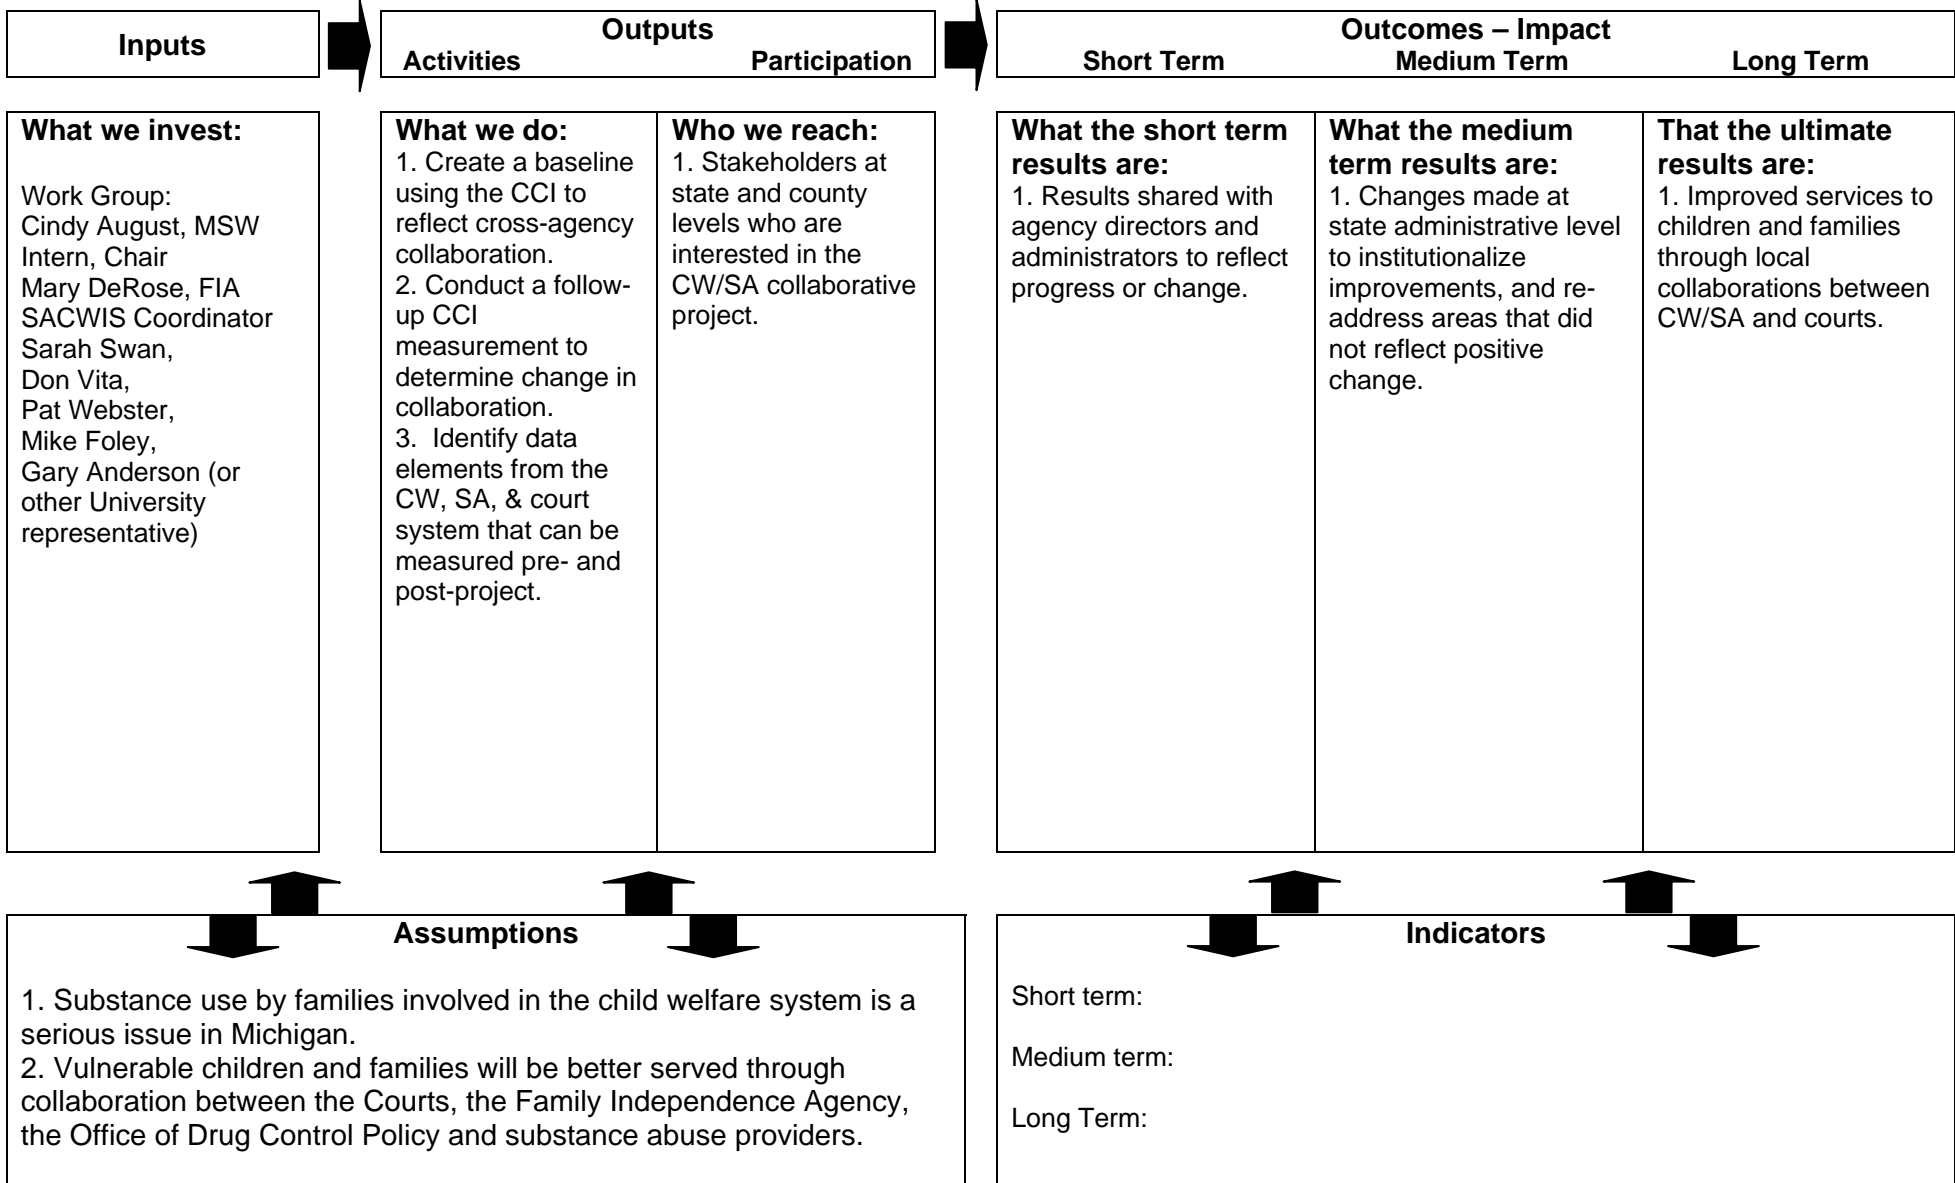

Logic Model of Child Welfare/Substance Abuse Collaborative project- Screening, assessment, engagement, retention

Outcome Objective:
Develop and disseminate a Michigan specific protocol for screening, assessment, engagement, and retention.

Logic Model of Child Welfare/Substance Abuse Collaborative project - Evaluation

Outcome Objective:
Develop and implement an evaluation plan.

Logic Model of Child Welfare/Substance Abuse Collaborative project - Funding

Outcome Objective:

Develop a plan to leverage and maximize funding and develop contracting mechanisms for implementation.

Logic Model of Child Welfare/Substance Abuse Collaborative project – Marketing

Outcome Objective:
 Obtain endorsement from Department Directors and Courts and must market to and obtain buy-in from County stakeholders, Coordinating Agencies and providers.

What we invest:
 Work Group:
 Sarah Swan – Policy Analyst FIA,
 Joyce Washburn – Treatment Specialist, DCH,
 Mike Foley, Exec. Dir., Children’s Charter
 Carolyn Rose, Management Analyst, SCAO

What we do:
 1. Develop written project overview & statement of support for directors’ signatures.
 2. Create marketing materials (brochure, Power Point presentation, ___)
 3. Develop list of County stakeholders, CAs, providers & others.

Who we reach:
 1. Directors of FIA, SCAO, DCH
 2.3. Key stakeholders at state and local levels

What the short term results are:
 1. Directors endorse and support collaborative project
 2. Increased awareness of need for CW/SA collaboration at the local level.

What the medium term results are:
 1. Directors maintain or enhance commitment of resources
 2. Support for and participation in CW/SA collaborations at the local level.

That the ultimate results are:
 1. Collaborative project receives leadership from the 3 agencies, and is viable and active.

Assumptions

- Substance use by families involved in the child welfare system is a serious issue in Michigan.
- Vulnerable children and families will be better served through collaboration between the Courts, the Family Independence Agency, the Office of Drug Control Policy and substance abuse providers.

Indicators

Short term: Signed endorsement from Directors

Medium term:

Long Term:

Logic Model of Child Welfare/Substance Abuse Collaborative project – Training & TA

Outcome Objective:
 Provide training and technical assistance to enhance collaboration among child welfare agencies, substance abuse treatment and prevention agencies, the judicial system, and other stakeholders at the community level.
